SUMMARY

Recent B.E. Computer Science graduate with hands-on experience in full-stack and AI-powered application development using React.js, Next.js, Node.js, Express.js, MongoDB, and RESTful APIs. Strong foundation in Java, C++, Data Structures, OOPS, DBMS, and problem-solving skills.

TECHNICAL SKILLS

Programming Languages:	C, C++, Java, JavaScript
Web Technologies:	HTML5, CSS3
Frontend:	React.js, Next.js
Backend:	Node.js, Express.js, RESTful APIs
AI Development Tools:	OpenAI, OpenAI Codex, Cursor AI, Replit AI
Databases:	MySQL, MongoDB, PostgreSQL, Supabase
Core Concepts:	Data Structures, OOPS, DBMS

EXPERIENCE & PROJECTS

AI Hire Pro	<i>HTML5, CSS3, React, Node.js, Express, MongoDB, AI, GPT-Mini</i>	AI Hire Pro
- Developed an AI-powered recruitment platform for candidate sourcing, screening, evaluation, and hiring workflows. - Built responsive recruiter dashboards using React for managing candidates, job requirements, and recruitment activities. - Developed RESTful APIs using Node.js and Express with MongoDB for backend data management. - Integrated AI-assisted workflows to support candidate analysis and improve recruitment decision-making.		
CRM Suite	<i>HTML5, CSS3, React, Node.js, Express, MongoDB, AI</i>	CRM Suite
- Developed a full-stack CRM platform for managing customers, leads, contacts, and business workflows. - Built responsive dashboards and reusable UI components using React for an improved user experience. - Developed RESTful APIs using Node.js and Express with MongoDB for application and data management. - Implemented authentication, role-based access control, and AI-assisted features to improve CRM automation and productivity.		

ACHIEVEMENTS

- Specialized in **OSINT Web Mining** and threat intelligence frameworks for academic projects.
- Scored **98.86 percentile** in Naukri Campus Young Turks 2024 testing problem-solving capabilities.
- Completed **GfG 160 – 160 Days of Problem Solving** data structures technical sprint by GeeksforGeeks.

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science & Engineering Sant Longowal Institute of Engineering & Technology (SLIET) CGPA: 7.69	Longowal, Punjab 2023 – 2026
Diploma in Electronics Engineering Government Polytechnic, Pilibhit Percentage: 77.27%	Pilibhit, Uttar Pradesh 2020 – 2023
Senior Secondary (Class XII) Shri Krishna Inter College Percentage: 68.8%	Nawabganj, Uttar Pradesh 2019 – 2020

POSITIONS OF RESPONSIBILITY

- SLIET Alumni Association:** *Active Member*
 - Contributed to alumni engagement initiatives and networking activities.
- SLIET Software Development Club:** *Active Member*
 - Engaged in technical discussions and collaborative development activities.
- TechFest'24 (Plexus):** *Member*
 - Assisted in organizing technical events and managing student participation.
